Specifications for LegSim Mini-Project #1: Ideology Self-Assessment

- Locate and complete *two* online quizzes designed to measure your political attitudes. These might be referred to as “political ideology quizzes,” “political typology quizzes,” “political party quizzes,” or other similar names.
- Write a reflection on your results. To earn credit, your reflection must:
 - Clearly identify the quizzes you completed.
 - Clearly report the results of each quiz.
 - Reflect on your results.
 - Be a minimum of 200 words.
 - Be written clearly (in sentences) with no more than 3 spelling or grammatical errors.
 - Be submitted in Canvas by 11:59 pm on Sunday, September 8.

A note on writing a reflection. The purpose of this assignment is to get you to think about your political ideology and/or partisanship. You have considerable latitude to choose the focus of your response, but it must discuss your reaction to your results. Some possible issues to address are listed below to help you get started. (You need not address these specific issues if there are others you prefer to address.)

- *Were you surprised by your results? If so, why? If not, why not?*
- *Do you think the classifications are correct? Why or why not?*
- *Did you find it difficult to answer questions? If so, why?*
- *How do you think your results will compare to others in the class?*
